CERT 2011

In 2011, the El Cerrito/Kensington CERT Program continued its steady growth in several different areas. First, they continued the development of relationships with the Kensington Amateur Radio Operators/El Cerrito Ham Operators (KARO/ECHO) Group, Kensington Public Safety Council (KPSC) and the El Cerrito Emergency Preparedness Network (ECEPN). These community partnerships are a very important component of the program as they serve to both provide an avenue of continued involvement from past graduates and serve as a conduit to bringing new students into the program for initial training. The Fire Department plans to continue, and strengthen the relationship with these community partners as they move into 2012 and beyond. Moreover, the Fire Department continues to partner with our West County CERT neighbors from 2011. They once again partnered to produce the spring and fall final exercises along with the inaugural refresher drill. This partnership allows a production of high quality training experience for our students while sharing in the cost to produce such training.

Second, the community participation in the El Cerrito/Kensington CERT Program continued to grow with 61 participants and 26 graduates of the 20-hour CERT course. In addition, the program had 20 graduates of the May and November Boot Camps which is a condensed version of the CERT Program delivered in a one-day format for those who are unable to attend the full class. Additionally, 30 participants completed training at the inaugural CERT Refresher Drill. This training was designed to refresh and test the skills of past CERT graduates. This training received overwhelming approval and a refresher drill has been scheduled in 2012.

Third, the CERT team completed their community organization mapping and database project. This was a very labor intensive project that created an interactive community map for Kensington and El Cerrito. This interactive map identifies six (6) Kensington and eleven (11) El Cerrito CERT areas for the purpose of community organization and response of CERT participants. This interactive map is interfaced with the CERT database which allows the identification of each participant's location. In addition, a series of CERT area meetings have been scheduled in 2012 that will help further support and prepare our citizens.

The CERT program looks forward to another productive year ahead with three full 20-hour classes scheduled, two CERT Boot Camps and two CERT Refresher Drills. A Disaster Service Worker (DSW) Program has been introduced, which will allow our students to register for the State Workers Compensation Plan. This DSW Program will be very popular in our communities and allow better protection for our students and graduates. In addition, the CERT database will

be updated as new information becomes available. As always, the goal is to continue the community organization efforts and continue the quest to build an emergency community network and strive to do the greatest good for the greatest number of the community's citizens, as every effort is made to become a self-sufficient community in the event of a major disaster.

Hi Bruce,

Thanks for sending me the plan that includes the cost. We will include the possibility of a donation (to KCC, I assume?) on our May agenda with the materials you have provided. I have notified Director Harmon of the 5/7/12 meeting but since she has not been authorized by the Board to represent the District, I'm not sure she is planning on attending. I don't believe it is necessary for you to attend KFPD's May 9th meeting though you are, of course, always welcome if you would like to add any information.

Please feel free to email if any decisions are made at the 5/7/12 meeting.

Thank you, Bruce.

Brenda,

I will forward the Master Plan to your attention. It will be in three parts, given its size. This was discussed in detail at the February KPPCSD meeting. The discussion should be available on their website. It does contain the cost options.

However, the resources from which to draw have not yet been firmed up. That work has been returned to the ad hoc Building Comm., which has been charged with developing viable funding opportunities and present the recommendations to the KPPCSD Board in the next 2 months.

The District Board does have "WW" monies to use. To what extent has yet to be determined. Both KCC, KPOA and KIC, as well, are still discussing what the non-profits might contribute.

That is the basis for our scheduled May 7th meeting with representatives from these groups and the Fire Dept, from which each could then return to their respective groups to discuss a possible level of financial commitment. I would still suggest that Nina attend our KCC meeting on May 7th. She could then bring the issue to the full Fire Board on May 9th. I could attend as the rep. from KCC, if that would be helpful.

Thank you,

Bruce Morrow

Good morning Bruce,

I received your email address to Director Harmon inviting her to the May 7th meeting with KIC, KCC and KPOA. After confering with our President of the Board of Directors, Janice Kosel, we feel it most appropriate that this is a conversation the entire Board should participate in and not just one member of the Board.

Would it be possible for KCC to provide KFPD with a summary of the project, the cost estimate and potential or expected revenue resources. That way our Board can consider the project and donation request at their next monthly meeting on May 9. I would need to receive any materials from you (or whoever will be submitting them) no later than May 2nd for it to be on our agenda.

Thank you very much, Bruce.

Nina,

As you may recall, the Fire Dept. pledged to donate \$10,000 towards the proposed KCC remodel of the Comm. Center.

With the new Master Plan for the buildings approved by the KPPCSD, KCC, KIC and KPOA are planning to meet on Mon. May 7, 2012 @ our regularly rescheduled meeting. It starts at 7:30 p.m.

Would you possibly be able to attend? The goal is to determine the level of resources available in the community and to coordinate those efforts with the District.

Hope you are able to attend.

Thank you,

Bruce Morrow

Kensington, CA 94707

Dear Chief Maples,

On behalf of the Arlington Community Church, I want to thank you and your firefighter/paramedics for the excellent service you provide to keep us safe. We have over 100 children in the church five days a week, many elderly and disabled adults and up to 300 adults and children on weekends. Your educational presentations and annual inspections assist us in maintaining the buildings and grounds so that they are safe for everyone in the community.

We want to thank you for the defibrillator you donated to the church. Captain Tom McCullagh gave an onsite CPR class to our staff and was particularly helpful working with us to understand and operate the machine.

On two occasions in the last few months, your firefighter/paramedics met with several members of the congregation to educate us on the best ways to deal with emergencies including people in need of urgent medical and/or psychiatric care. Their presentations were informative and helped reassure us that the firefighter/paramedics will respond quickly and appropriately. We were particularly impressed with their assurance that they were happy to come at any time, even if we weren't sure they were needed. They said, "Always call us. Let us assess the situation and provide whatever help is required".

Thank you for keeping the church and residents of Kensington safe.

Sincerely,

Tom Dean, Moderator
