To the Directors of the Kensington Fire Protection District Board:

I have known Rick Artis since we were students in elementary school. I have never known anyone smarter or more persistent in researching and analyzing the facts on any subject he is confronted with. Rick's intellectual persistence was readily apparent when he presented to the public his detailed financial analysis of the KPPCSD and KFPD while he was on the ad-hoc committee which had been asked to review the operational structure of Kensington's government. Any committee or board would benefit from his analytical skills and thorough explanations.

Having lived in this area most of his life, Rick understands the needs and the challenges facing Kensington. He has been an active board member on the KPOA for many years and is well versed in the legal and structural issues that face Kensington. I encourage you to appoint Rick Artis to the Kensington Fire Protection Board.
