

KENSINGTON FIRE PROTECTION DISTRICT
MEETING OF THE EMERGENCY PREPAREDNESS COMMITTEE
MINUTES
Thursday, May 26, 2022 3:00pm-5:00pm
Via Zoom Teleconference

Due to COVID-19, and in accordance with California Assembly Bill 361, this meeting will not be physically open to the public and all Members will be teleconferencing into the meeting. To maximize public safety while still maintaining transparency and public access, members of the public can observe the meeting by attending the Zoom webinar (on the day and time of the meeting) and may provide public comment by sending comments to the Board President and Board Clerk via email at public.comment@kensingtonfire.org . Comments will then be read into the record, with a maximum allowance of 5 minutes per individual comment, subject to the Chair's discretion

Instructions on how to make a public comment during the meeting: At points in the meeting when the meeting chair requests public comment, members of the public participating in the live meeting either via internet or telephone shall indicate their desire to speak. If participating via internet, please click the "raise hand" feature located within the Zoom application screen. If connected via telephone, please dial "*9" (star, nine).

Any member of the public who needs special accommodations should email public.comment@kensingtonfire.org 48 hours prior to the meeting. This will enable the Kensington Fire Protection District to make reasonable arrangements to ensure accessibility to this meeting (28 CFR 35.102-35.104 ADA Title 1).

Public comment will be taken on each agenda item. Each member of the public will be allotted the same maximum number of minutes to speak as set by the President before or during its consideration, except that public speakers using interpretation assistance will be allowed to testify for twice the amount of the public testimony time limit (California Government Code section 54954.3(a)).

Internet Address:

<https://us06web.zoom.us/j/87825759932?pwd=QnVaenN4eDE3MEdVd2x1M0dydW9Ldz09>

Telephone Access:

(720) 707-2699 or (346) 248-7799 or (253) 215-8782

Webinar ID: 878 2575 9932

Passcode: 112233

TIMING OF AGENDA ITEMS: *Approximate times are included below but may vary to accommodate appropriate discussion time and attention to the individual items.*

1. CALL TO ORDER/ROLL CALL

Directors: Larry Nagel and Kevin Padian

Public Members: Katie Gluck, Peter Guerrero, Peter Liddell, Danielle Madugo, Paul Moss, David Spath

Staff: General Manager Bill Hansell

Consultant: Emergency Preparedness Coordinator Johnny Valenzuela

Members of the Public: None

2. PUBLIC COMMENT

This place on the agenda is reserved for comments and inquiries concerning matters that do not otherwise appear on the agenda.

Paul Moss noted that he was approached by a neighbor who was unaware that the EPC meeting and the Board meeting are recorded and are available on our website.

Larry Nagel congratulated Johnny Valenzuela for running three successful neighborhood meetings last weekend.

3. ADOPTION OF CONSENT ITEMS

Items listed below are consent items, which are considered routine and will be enacted by one motion. Reports and recommendations prior to assigning consent item designations to the various items have been received and considered. Copies of the reports are on file in the Fire Protection District Administrative Office at 217 Arlington Avenue and are available to the public. The disposition of the item is indicated. There will be no separate discussion of consent items. If discussion is requested for an item, that item will be removed from the list of consent items and considered separately on the agenda. (Supporting material)

a. Approval of Minutes of the regular meeting of April 28, 2022 (Approve)

MOTION: Nagel/Spath to approve the minutes.

Motion adopted by consensus.

4. OLD BUSINESS

a. Update on status of RFP and survey plans for EWAs

Kevin noted that Bill agreed to attempt to locate an RFP for an LRAD system and that the survey was postponed until the RFP has been circulated. Bill Hansell noted that he is still working on locating an RFP. David Spath asked if we would send the RFP to several vendors. Kevin noted that the Board may want to do this.

b. FireWise Communities: Plan to report to KFPD Board on potential action

Action = Discuss and make decisions about related issues, including (1) whole community vs. neighborhoods, (2) house hardening to resist fire vs. retaining insurance, and (3) efforts that the District could vs. should potentially take; appointment of members to research certain issues further.

Kevin stated that in bringing this topic to the Board there are the three issues as stated above.

(1) Whole community vs neighborhood. Johnny noted that we can have Kensington become a Firewise Community. Johnny thinks that having only one would be easier. We could target the entire ridge line as the starting point. David Spath noted that there is a lot more outreach that needs to be done. More important, we need to get individuals engaged. Peter Guerrero noted that a community wide plan reduces the administrative overhead and will make it easier to get volunteers. Johnny noted that not every single home has to be on board to obtain the Firewise designation. Peter noted that Berkeley has staff to help with the compliance, and suggested that if the Firewise community begins to take hold, the KFPD should allocate resources to assist Johnny. Paul Moss noted that Orinda has 30 Firewise communities while Berkeley has one, and it isn't clear which approach is more effective. Dave Spath noted that Chief Winnacker did not suggest that there was any advantage to consolidating the 30 Firewise communities, and that having contiguous homes in smaller communities also had advantages. Danielle Madugo noted that Firewise communities can be as small as 8 homes and as large as 2500 communities and that a community requires a board of neighbors to file the reports.

Peter Guerrero noted that all of the Firewise communities will have approximately the same applications. Paul Moss and Peter Guerrero volunteered to speak with Chief Winnacker to determine how much of an administrative burden Firewise communities are.

Paul Moss asked Johnny Valenzuela how difficult it was to establish a community in Mosquito, El Dorado County. Johnny noted that there was a lot of effort by the neighbors because the Mosquito Fire District was not supportive of the program. Johnny believes it will not be as much of a problem here because of the resources provided by KFPD.

5. NEW BUSINESS

a. Measure X Funding and PG&E undergrounding (Supporting Materials)

Action = Recommend to the Board to send a letter (or ask Bill or the Chief) to Supt. Gioia asking about the potential availability of funds from Measure X for vegetation reduction and removal along the WUI, and to ask him about the possibility that PG&E could underground their high-risk power lines and other lines in the Wildcat Canyon vicinity.

Action = forward a draft letter to the KFPD Board

Kevin suggested that we draft a letter to Supervisor John Gioia to pursue funding from Measure X for fuel reduction projects as well as undergrounding PG&E undergrounding projects. Peter Guerrero suggested that this might be better handled by having our Chief contact the Contra Costa County Fire Protection District (CON Fire) regarding Measure X funds. Bill Hansell agreed that we should ask Interim Chief Jose Castrejon to pursue this matter. Peter Guerrero noted that being a Firewise community might expedite obtaining

Measure X funds. Peter also noted that we need to work with EBRPD on fuel reduction.

b. Brief report on new developments from Berkeley's recent wildfire preparedness meeting

Peter Guerrero noted that they inspected 7,644 homes and 5,784 homes passed. An architect noted that 90% of the fire risk is from embers. This compares to Kensington where 98% of the properties pass inspection. Bill Hansell noted that the Board will be considering mitigation at the June Board meeting.

6. EMERGENCY PREPAREDNESS COORDINATOR'S REPORT

Johnny Valenzuela gave a report on the Block Parties that were held recently. The slides of Johnny's presentation are attached. Johnny noted that it is important to have the Fire Department at these parties as well as members of the Emergency Preparedness Committee. Danielle Madugo asked if Johnny will be sharing various neighborhood projects and Johnny said that information would be available to the entire community.

7. REPORTS FROM COMMITTEE MEMBERS

Peter Guerrero reported on sudden oak death in East Bay Regional Park District parklands.

8. CALL FOR FUTURE AGENDA ITEMS

None

9. ADJOURNMENT

The next regular meeting of the Emergency Preparedness Committee of the Kensington Fire Protection District will be held on June 16, 2022 at 1:00pm via Zoom Conference, unless noticed otherwise per the Brown Act.

MINUTES PREPARED BY: Larry Nagel

These minutes were approved at the Emergency Preparedness Committee Meeting of the Kensington Fire Protection District on June 16, 2022.

Attest:

Emergency Preparedness Committee Member

Supplementary Material: Draft Letter to KFPD Board to Supervisor Gioia

Dear Supervisor Gioia:

The Kensington Fire Protection Board understands that over \$3 million in Measure X funds are available for vegetation reduction and removal in Contra Costa County. Priorities are being set by CCCFD in consultation with local FDs. As you know, Kensington is in a very dangerous part of the WUI bordering Tilden Park, and several trail areas such as Schoolhouse and Hilltop are adjacent to areas that could be cleaned up. We write to ask about the priority that the County has placed on Kensington for reception of some Measure X funds for these purposes. We realize that large-ticket infrastructure items, such as (re-)opening fire stations in rural areas, have been given first priority in Measure X funding as a whole. We ask whether there are specific funds for which we can apply.

We also know that your office is monitoring the question of how PG&E is identifying high risk power lines in our area that they can begin undergrounding. We understand that they have been making repairs to some large trestles, such as those along Moeser Lane into Wildcat Canyon, but we urge your support for corridors along the WUI in Kensington, some of which have poles that are over 60 years old and in deteriorating shape. These are impediments to evacuation of areas with few, narrow, convoluted roads and a danger of falling over during earthquake and wildfire. We ask if PG&E has presented you any plans and a potential schedule for undergrounding their equipment in Kensington and our immediate area.

As always, we thank you for your attention to Kensington's needs and issues.

Cc: Interim Chief Jose Castrejon

Do you want Kensington to be a Firewise community?

WHAT IS A FIREWISE COMMUNITY IN CALIFORNIA?

The Firewise USA program is a part of California's efforts to ensure communities are prepared against wild-fire, and CAL FIRE Office of the State Fire Marshal's new Community Wildfire Preparedness & Mitigation Division works to assist local communities in receiving this designation.

WHAT ARE THE BENEFITS OF BEING A FIREWISE COMMUNITY?

- Benefits of Firewise communities reach beyond fire protection
- Doable, cost-effective plans.
- Feel safer in our environment.
- Prepared to act quickly.
- Invest in education, safety.
- Get involved, learn more.

6 STEPS TO BECOMING A FIREWISE COMMUNITY

- Form a board/committee comprised of residents and other wildfire stakeholders
- Obtain a wildfire risk assessment from the Fire Department
- Host a minimum of one wildfire risk reduction educational outreach event, or related activity
- Develop a multi-year action plan based on the site's risk reduction priorities
- Meet the minimum wildfire risk reduction investment
- Create a Firewise USA® Portal account and submit an application to your state Firewise USA liaison

TRAINING OPPORTUNITIES

• CERT TRAINING

In a disaster, you may be on your own. Your neighbors are learning what to do...are you? The Community Emergency Response Team will learn to help themselves and others! Through CERT you can receive:

- Disaster First Aid Training
- Disaster Preparedness
- Basic Firefighting
- Light Search and Rescue
- Damage Assessment
- How to Turn Off Utilities

WATCH CERT IN ACTION FROM FEMA

• CPR/FIRST AID

NEXT SESSION: Saturday, May 21, 2022

The El Cerrito / Kensington Fire Department offers the following classes to the general public:

- Adult CPR with AED
- Child CPR
- Infant CPR
- Basic First Aid

Space is limited. Priority registration is available for Kensington and El Cerrito residents. The processing fee is \$55 for CPR and \$110 for CPR/First Aid for El Cerrito and Kensington residents. Non-residents will pay \$65 for CPR and \$130 for CPR/First Aid.

Classes are offered throughout the year. Registration is necessary and has already begun for these classes. Space is limited. Priority registration is available for Kensington and El Cerrito residents. The processing fee is \$55 for CPR and \$110 for CPR/First Aid for El Cerrito and Kensington residents. Non-residents will pay \$65 for CPR and \$130 for CPR/First Aid.

House hardening has become a significant focus of emergency preparedness in California. The Marin Independent Journal described a county-wide effort to motivate homeowners to modify their vegetation to improve public safety. This has also become an issue of home insurance, which should be a major focus of Kensington's Fire Protection District, as the Kensington Property Owners Association and other civic groups have pointed out.
