ALERTS & EVACUATION READINESS

KEEP THIS IN A SAFE PLACE

PACK & PERSONALIZE YOUR GO BAG

Assemble your Go Bag before a wildfire, or other disaster occurs, and keep it easily accessible to take with you when an evacuation order is issued. Plan to be away from your home for an extended period. Use the 6 P's to help plan your priorities. These include but are not limited to; people and pets, papers (vital documents), photos and priceless irreplaceable mementos, plastic payment and cash, PC /laptop and access to information/files, Pills and prescriptions and medical devices. Everyone will have the same basic needs, but many will have different preferences, use the suggestions below to prepare for your individual needs.

FIRST AID

- Adhesive strips
- Medical tape
- Wound Dressing
- Antiseptic Swab
- Tweezers / Scissors
- Medication

HYGIENE

- Antibacterial Soap
- Dental Care Products
- Alcohol / Hydrogen Peroxide
- Antibacterial Wet Napkins
- Grooming Products
- Sanitary Products

TOOLS

- Portable AM/FM Radio
- Flashlight
- Whistle
- Pocket Knife / Multi-Tool
- Multipurpose Rope
- Thermal Blanket

VITAL DOCS

- Vital Documents Binder
- Cash and Credit Cards
- Identification
- Data Storage Device
- Resealable Plastic Bags
- Emergency Contacts

FOOD KIT

- Bottled Water
- Trail Mix
- Energy Bars
- Crackers
- Non-Perishable Food
- Utensil / Can Opener

PETS

- Water bottle
- Food & Water Dish
- Waste Bags
- Dry Food and Treats
- Leash & Toys
- Pet Bed / Blanket

PACK SMART TRAVEL LIGHT

Each person in your household should have a readily accessible Go Bag. Backpacks work great for storing these items and are easy to carry when you leave. Keep it light enough to carry on foot, if needed.

DRESS FOR SAFE TRAVEL

Dress yourself in clothes that will shield you from heat and flames. Natural fibers like cotton, denim or pure wool are best. Avoid synthetics. Keep the items in your Go Bag during your travels.

KEEP CALM AND COMFORT

An evacuation is a stressful time. Remember to include items that can keep you comfortable while away from home. Consider adding a book, a yoga mat, or even a pet.

EVACUATION READINESS

**Being Neighborly
is part of your
preparedness plan.**

**Preparedness starts at home.
Include your neighbors for a safer community.**

- Get to know your neighbors.
- Understand each others' needs.
- Coordinate preparedness efforts.
- Form a collective supply stockpile.
- Attend Neighborhood Emergency Preparedness Block Parties.

PG&E PUBLIC SAFETY POWER SHUT-OFF

PG&E will provide you advance notice about events affecting your service area that may require a Public Safety Power Shutoff (PSPS). PG&E will provide you advance notice about events affecting your service area that may require a Public Safety Power Shutoff (PSPS). PG&E will provide you advance notice about events affecting your service area that may require a Public Safety Power Shutoff (PSPS).

PREPARING FOR A SAFETY POWER SHUT-OFF

During severe weather, high winds could cause tree branches to fall on electric lines and start fires. That's why PG&E may need to turn off power to help prevent wildfires. This is called a Public Safety Power Shutoff (PSPS). While turning off the power helps prevent wildfires, we know it can be inconvenient. PG&E is working year-round to improve PSPS events for our customers.

HERE ARE 5 WAYS TO PREPARE FOR A PSPS:

1. Make sure PG&E can reach you before a PSPS by updating your contact information at pge.com/mywildfirealerts.

1

2. Pack or restock your family's emergency kit including food, water, batteries, radio and a first aid kit.

2

3. Make preparations for anyone in your family who depends on electricity for medical needs.

3

4. Practice manually opening your garage door.

4

5. Ensure any backup power sources are ready and safe to operate.

5
