## EL CERRITO FIRE DEPARTMENT Memorandum

December 4, 2012

**TO:** Kensington Fire Protection District Board Members

**FROM:** Michael Pigoni: Battalion Chief

**RE: Incident Activity Reports for the Month of November**

---

There were 20 incidents that occurred during the month of October in the community of Kensington. Please see the attached "Incident Log" report for dates, times and the nature of the incidents for all the incidents that we responded to. Responses within the Kensington Fire Protection District are highlighted to assist in identifying.

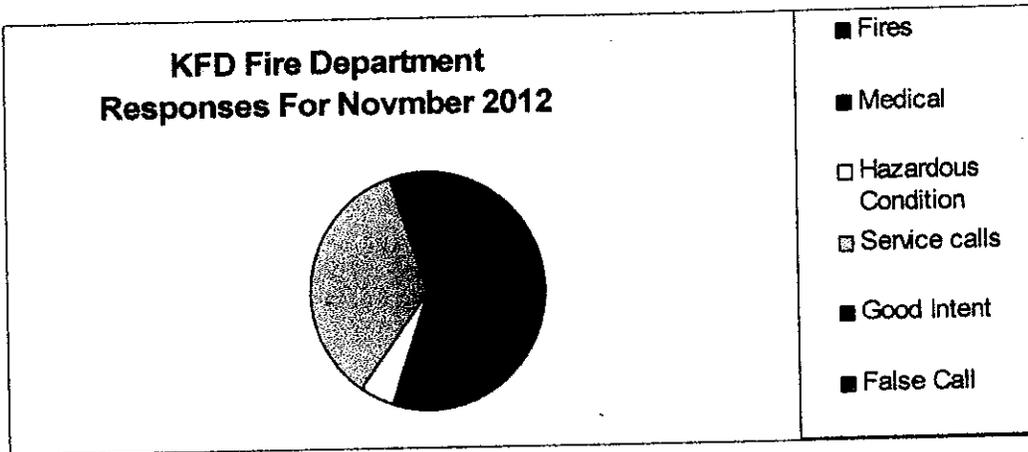

On November 17<sup>th</sup> E65 responded to a structure fire at 9 Avon Drive. Fire was found to be an exterior fire on a brick patio as a result of fireplace ashes being dumped into a paper bag. There was no damage to the structure or any reported fire loss.

On November 23<sup>rd</sup>, E65 responded to a natural gas leak at 27 Edwin Drive. Upon arrival, found the residents had accidentally hit the gas meter on the side of their garage with their car and sheared the meter off. PG&E was notified and a number of homes in the area were evacuated until PG&E was able to shut off the gas leak. There as no fire and minor structural damage to the house as a result of the initial vehicle accident.

One November 26<sup>th</sup>, E65 responded to reported arson fire at 90 Highland Boulevard at the Kensington School. School officials had found a bag of burned up clothes and rubbish against the side of the school. The fire was contained to the bag and there was no damage or fire loss to the structure.

# **CHIEF'S REPORT**

**KENSINGTON FIRE PROTECTION DISTRICT  
MEMORANDUM**

December 2012

TO: President and Board Members, Kensington Fire Protection District

FROM: Lance J. Maples, Fire Chief

SUBJECT: **Fire Chief's Report**

---

The El Cerrito/Kensington Fire Department responded to 21 incidents on December 2, 2012. Ten of these calls were for storm related problems. They included:

- **187 Purdue Avenue:** House flooding from runoff in the back yard. Crews assisted with diverting water and place a sump pump in service to assist with the water removal.
- **15 Sunset Court:** Large tree fell into electrical wires and blocked the street. Crews attempted to mitigate but the tree was too large and required PG&E to remove the wires. Road was closed all day and turned over to the County Road Department and PG&E. Crews returned later to extinguish the fire in the tree after the power was cut.
- **85 Ardmore Drive:** House flooding due to plugged up drains. Residents had unclogged the street drain prior to E71's arrival.
- **8195 Terrace Drive:** Large tree into electrical wires. Road was blocked and assistance was required from PG&E to remove the wires.
- **7300 Ganges Court:** Wires down in the street. Crews found them to be phone or TV cables and removed them to the side.
- **906 Galvin Drive:** Large tree into two houses tearing out the drops to each house. PG&E was required to disconnect the power to the homes.
- **15 Lenox Drive:** Wires down into the street. Crews isolated the area as the wires appeared hot and turned the scene over to KPD so as to respond to more calls.
- **Oak view Avenue:** Crew responded to water coming from the sidewalk. Upon arrival, found storm water coming out of a manhole cover due to the storm drains being overwhelmed.
- **3913 Fleming Ave:** Tree and wires down in the street. Call diverted to T64 to handle.
- **8 Stratford Drive:** Tree leaning into wires and the reporting parties drive way. Crews checked out the scene and requested PG&E to cut power in order to remove the trees. Occupants advised to stay clear of the area.

The storm related calls started at approximately 0945 hours and all three crews were responding to these incidents plus numerous fire alarm medical emergencies and other calls for service until after 1700 hours. Two streets, Terrace Drive and Sunset Drive remained partially closed through the night due to PG&E and tree removal companies working to restore services.
