To maximize public safety while still maintaining transparency and public access, members of the public can observe the meeting by accessing the link above (on the day and time of the meeting) and following the instructions on how to comment. Public comment may also be sent in advance of the meeting to the Board President and Board Clerk via email at public.comment@kensingtonfire.org. RE: Mid-Year Budget Review FY 2020-21

The fee schedule for providing fire services for the FY-2020-21 was adopted and approved by the Kensington Fire Protection District Board of Directors on June 10, 2020 for \$3,518,174.42. Several measures were taken this year by the City and the Fire Department to reduce the overall budget of the Fire Department, especially in overtime. The City had approved to fill the four vacant firefighter spots which would provide on extra person per shift to fill in for sick leave, vacations, injury etc.

Earlier in 2020, the coronavirus threat caused the City to freeze all hiring. This action prevented the Fire Department from interviewing candidates and filling the positions by July 1, 2020 which was the original goal of the adopted budget. Fortunately, in late September, the freeze was lifted and the Department was able to solicit, interview and hire 4 new firefighters. As of January 1, 2021, all 4 are now on shift working and fulfilling the goal of reducing overtime.

However, during the first 6 months of this fiscal year, the Fire Department has experienced a high number of overtimes due to a number of reasons over the four vacancies. These include;

- Nine personnel exposed to COVID-19 requiring them to self-isolate or quarantine at home requiring over 30 shifts to be backfilled
- Two personnel on Worker's Comp with knee injuries resulting in one missing a month of work and the other missing three months requiring 40 shifts to be backfilled.
- Another person on Worker's Comp with a back and hip injury resulting in 10 shifts being backfilled.
- Two additional personnel on Family Medical Leave Act (FMLA) for three months resulting in 60 shifts requiring back fill.

In total, these unexpected and unbudgeted vacancies have totaled over \$250,000 in overtime costs to provide constant staffing. However, while the Fire Department's budget has exceeded it overtime budget, due to the firefighter vacancies, the salary fund is under 50% of its budget at the mid-year point and in fact, after 6 months, the total salary and benefit budget is at 43.45% of budget. Overall the budget is at 42.08% of the adopted fee schedule. While the attached spread sheet is showing total expenditures below budget, several services such as dispatch and radio use fees which will equal \$200K + have not submitted invoices yet.

Overall, barring any serious COVID-19 outbreaks or more injuries, the Fire Department should be within its budgeted amount or very close to it despite the number of exposures and injuries. Please contact me if you have any questions.

RE: Fiscal Year 2020-2021 Mid-Year Review and Budget Amendment

SUBMITTED BY: Mary A. Morris-Mayorga, Consultant

Recommended Action

Receive and discuss Fiscal Year 2020-2021 Mid-Year Review; consider advancing the proposed budget amendment to the Board for approval.

Background

The Fiscal Year 2020-2021 Budget was approved in June 2020 and adopted in September 2020. Since that time several operational changes have occurred along with revised estimates in certain budgeted revenues and expenditures:

- Property Tax revenue as provided by the County is approximately \$120,000 more than budget,
- General Manager, Bill Hansell, was hired in November 2020,
- Executive Assistant, Sasha Amiri, was hired in November 2020 and temporary administrative services were utilized until that time.
- Contract for operational support from former Interim General Manager, Mary Morris-Mayorga,
- Telephone original budget was based on prior service with City, and
- Re-evaluation of services related to the building renovation.

Fiscal Impact

Approval of the budget amendment increases revenue by \$120,235 and decreases expenditures by \$2,983 for a net increase to reserves of \$123,218.
